## Mukul Soni TREASURER NAGPUR BRANCH OF WICASA

### **“Tough times don’t last, tough people do”**

Dear Friends,

Greetings for the day!

This year has been a punch in the mouth which left all plans upended, the pandemic that damaged our economy, the rising tensions with our neighbouring countries and an unending list of events. But in spite of all the damage it has caused, it has given us time to be with our families, rediscover passions, connect with nature, value coexistence and most importantly it has given us time to abreast our knowledge. Rarely do we get a chance to keep ourselves in solitude and this is the best time to reflect in a positive way.

We begin our life with lots of ambitions and passions. But over a period of time, the routine takes over and we tend to forget things that were once dear to us. And to help the students get in touch with their passion, we at The Nagpur Branch of WICASA had organised “Shades of You 2.0” an open mic event with the vision to give a platform to the hidden talents of our fraternity. We have also been focusing on organising various informative webinars on how to face CA exams, Prevention of Money

- Laundering, TDS and much more for the benefit of the students by giving them a greater insight of
- the topics and helping them learn the practical aspects of it. We strongly believe in our motto of the
- year “Explore-Excel-Evolve” and we will do our best in delivering the students with all that is needed
- to whet their mind and help them explore the unexplored self, excel in their strengths and evolve for
- the better.

● I am honoured to be able to serve you all by becoming a part of the WICASA committee 2020-2021. Humbled by the responsibility bestowed upon me, I take this forum as an opportunity to thank each one of you for all the love and support that you have been showering upon us by participating in great numbers in all our events and webinars.

## **IMPACT ON MSME DUE TO STEPS TAKEN BY FINANCE MINISTER.**

Micro, Small and Medium Enterprises (MSMEs) sector has emerged as a highly vibrant and dynamic sector of the Indian economy and is widely acclaimed as engine of economic growth in India.

In the current scenario of promoting MSMEs, government is providing various facilities and credits to MSME to ensure smooth working and eventual growth of MSMEs in this pandemic. Further, to ease the regulatory burden on the industry and assist MSME in complying with the

- legal requirements, a government has taken few, but huge steps in the recent announcements initiated by FM.

## **WHAT'S FOR THE MSMEs**

### **STEPS TAKEN BY FM NIRMALA SITHARAM TOWARDS THE GROWTH OF MSMEs-**

#### **Credit and Finance for MSMEs**

Out of 15 relief measures announced by Finance Minister under the Mega Rs.20 lakh crore stimulus package for the ongoing Covid-battered economy, 6 measures were aimed at bringing India's vast sector back to the life.

FM shared the details of the financial package, roughly 10% of the Indian GDP, announced the measures to boost liquidity in MSMEs.

Government of India announces a series of measures to provide relief to MSMEs.

Collateral Free Loans for 4 years

Cleared by govt and PSUs in 45 days

Rs 20,000 CR subordinate debt

Global tenders to be disallowed up to Rs 200 CR

## Major Measures and their impacts

### 1. Rs.3 lakh crore collateral-free loans:

Banks and NBFCs will offer up to 20% of entire outstanding credit as on February 29,2020, to MSMEs. Units with up to Rs.25 crore outstanding credit and Rs. 100 crore turnover are eligible for taking these loans that will have 4 year tenure with moratorium of 12 months on principal payment. The government will provide complete credit guarantee cover to lenders on principal and interest amount.

The collateral- free loans will help MSME to expand and address the upcoming needs of the country.

### 2. Rs.20K crore subordinate debt:

SUBORDINATE DEBT

Rs 20,000 CR to be infused as subordinate debt for stressed MSMEs

NPAs declared by MSME or those stressed, will be eligible for equity support as the government will facilitate the provision of Rs. 20,000 crore as subordinate debt. The government will also provide Rs.40,000 crore to CGTMSE, that will offer partial credit guarantee support to banks for lending to MSME.

### 3. Rs.50k crore equity infusion:

#### EQUITY INFUSION

**Rs 50,000 Cr** to be infused through Fund of Funds to standard MSMEs. Will help them to expand their capacities.

The government will infuse Rs.50,000 in equity in MSMEs through a Fund of Funds. The Fund of Funds will be set-up with corpus of Rs.10,000 crore to give equity-based funding to MSMEs having growth potential and viability. It also urges MSMEs to list on stock exchanges.

As per the chief Economist at Dun and Bradstreet India, the amount allocated for collateral-free loans, subordinate debt for MSMEs and equity infusion through MSME Fund of funds amounts to around 76% of the credit disbursed to MSMEs during FY20.

Therefore, units who are likely to face increased risk of aversion, would be largely benefited with this scheme.

### 4. Minimum threshold limit for insolvency:

- The government has raised the minimum threshold to initiate insolvency proceedings to Rs. 1 crore from Rs. 1 lakh, which largely insulates MSMEs. The Finance Minister added that the insolvency proceedings will not be initiated up to 1 year, recollecting that currently the MCA has extended it to six month.
- This scheme is beneficial for the medium and larger units but it does not majorly covers micro or the smaller firms which are huge in numbers. Also, it is aimed at enhancing business continuity and not on helping the sector remain afloat.

### 5. Global Tenders disallowed:

- Due to the issue faced by MSME on the grounds of unfair competition from foreign companies in government procurement tenders, because of the difference in size and strength, the government will not allow global tenders in such schemes up to Rs.200 crore.
- Through this, the government has developed a lot of faith in the MSME ecosystem. This is a major step through which the businesses has wider scope towards the government procuring tenders to innovate and further grow.

## 6. Clearing MSME dues:

The government and central public sector enterprises will release all pending MSME payments in 45 days. Also, Fintech enterprises will be used to boost transaction-based lending using the data by the e-marketplace.

The MSME will be benefited with the inflow of the funds and also the usage of E-market for developing linkages for MSMEs will be promoted to replace trade fairs and exhibitions.

Under the new definition of MSME, manufacturing and service MSMEs will be defined under a common metric that will be mix of investment in plants and machinery or equipment and turnover. Also around 50% of the Indian exports come via MSME units. There fore, the growth in MSME will likewise increase their contribution to India's export.

Manufacturing enterprises investing less than Rs 25 lakh, less than Rs 5 crore, and less than Rs 10 crore in plant and machinery or equipment were till now defined as micro, small and medium enterprises respectively. For services businesses, the investment threshold limit stood at less than Rs 10 lakh, less than Rs 2 crore and less than Rs 5 crore as micro, small and medium enterprises respectively.

With this revised definition, combining manufacturing and service MSMEs will enjoy same benefits , i.e. investments less than Rs.1Crore and turnover under Rs.5 crore will be defined as micro-units, while small businesses will be categorized based on investment less than Rs. 10 crore and turnover under Rs. 50crore. Medium enterprise will be defined on the basis of investment under Rs. 20 crore and turnover less than Rs.100 crore.

## Existing and Revised Definition of MSMEs

Existing MSME Classification			
Criteria : Investment in Plant & Machinery or Equipment			
Classification	Micro	Small	Medium
Mfg. Enterprises	Investment<Rs. 25 lac	Investment<Rs. 5 cr.	Investment<Rs. 10 cr.
Services Enterprise	Investment<Rs. 10 lac	Investment< Rs. 2 cr.	Investment<Rs. 5 cr.

Revised MSME Classification			
Composite Criteria : Investment And Annual Turnover			
Classification	Micro	Small	Medium
Manufacturing & Services	Investment< Rs. 1 cr. and Turnover< Rs.5 cr.	Investment< Rs. 10 cr. and Turnover < Rs.50 cr.	Investment< Rs. 20 cr. and Turnover < Rs.100 cr.

*Aptly said by the chairman, SBI, the proposed change in the definition for MSME sector, based on the turnover is progressive and is perfectly synchronized with the GSTN framework. It is time that we now implement this legislation.*

*The transition from micro to small and medium enterprise is a continuous process in entrepreneurial domain. This is possible by harnessing the resources and support that is prevalent and created by the Government of India through various schemes.*

*Everyone should take full advantage of these steps taken towards the success and prosperity.*
